## SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0004**The following questions and answers are provided:**

**Question #1:** On page 37 of the IMTV PD (Attachment J.2) Table V-C (Base Vest Finished Measurements; Inches), the Center Front Length for the medium vest calls for 18 ½" +/- 1/2 ". The patterns, however, show 17 ½ finished. We understand the guidance given was, where there are discrepancies between the patterns and the PD, the PD prevails; however, this would require our adjustment to the patterns. Since we can't be sure where on the patterns this adjustment should be made (top at neck, bottom, both, etc.) making any adjustment could result in a mistake in our markers/lay-up. This could have major impact on our pricing as a few inches of ballistic material per vest can translate into large dollar amounts as the ballistic material is the majority of our cost. If our adjustment is wrong, and our markers are off, our price would be off.

**Answer #1:** The IMTV Center Front Length patterns for size Medium listed in Table V-C (Base Vest Finished Measurements; Inches) have been measured and reflect a dimension of 18.372" after a seam allowance of 3/8" has been taken off the neckline and bottom. It is agreed that 18 ½" is too much after production and the measurement for the size Medium has therefore been revised to 18 ¼". All modifications to Table V-C -Base Vest Finished Measurements for both the PC and the IMTV (Attachment J.1 and J.2 respectively) are provided below.

**Question #2:** On page 37 of the IMTV PD (Attachment J.2), Table V-D (Cummerbund Finished Measurements; Inches) the Medium cummerbund finished measurement calls for Center Length of 23 ½, however, the finished patterns are at 20 1/2 ".

**Answer #2:** The size nomenclature listed in table V-D in both Attachments J.1 and J.2 has been corrected as follows: (XS-M = 20-1/2), (L = 23-1/2), (XL = 26-1/2). These corrections correspond with the size nomenclature on the full set of patterns for both the PC and the IMTV dated 06242009.
